

AKO SAFETY MATTING

AKO Safety Matting is your ultimate choice for walkways and ramps, interior and exterior, commercial and residential, around wet areas such as entrance ways, decks, swimming pools, spas, in boats and showers. AKO Safety Mat is highly slip resistant, even in icy conditions, and it's UV resistant too. AKO is anti-fatigue and sound absorbing – ideal to deaden noise on walkways and stairways in motels, hotels, apartments, offices and factories. AKO Safety Mat is available in 600mm, 900mm, 1200mm and 1800mm wide rolls, or cut to length to your requirements. AKO edge bars and screws available to fix down matting.
