

# AQUA TUBE MATTING

Aqua Tube Matting's duckboard design elevates workers above wet areas and allows water and fluid to easily drain off. Its tubular design is comfortable and compounded for mildew resistance. A perfect choice for wet areas. Hollow tubes give an "air cushion" effect, resulting in a reduction in user fatigue. Aqua Tube Matting insulates against cold, dampness, noise and electricity.

## COLOURS/ DESIGNS

Blue

Grey

Black

## APPLICATIONS

- Ideal for wet factory areas, swimming pools, boats, showers, marine environments

## FEATURES

- Approx. 12mm thick
- Excellent anti-fatigue qualities
