

## DIAMOND PLATE

Diamond Plate is an excellent alternative offering unparalleled comfort, plus a high tech look and a great abrasion and chemical resistant top. A deeply embossed PVC surface with vinyl sponge underlay gives excellent anti-fatigue properties plus the safety of brightly contrasting yellow edges.

### COLOURS/ DESIGNS

### APPLICATIONS

- Ideal for industrial work spaces, workbenches, work stations, counters

### FEATURES

- Approx. 14mm thick
- High quality anti-fatigue mat
- Durable PVC surface made from 100% recycled material
