

SAFETY TREAD TAPE

Our "contractor grade" non-skid Gator Grip tape is an excellent choice for most general purpose applications. Constructed of a durable 46-grit aluminium oxide compound for excellent durability and longevity in both indoor and outdoor applications. We use a solvent based acrylic adhesive system to allow for adhesion over a wide variety of surfaces, while offering good water and chemical resistance.

COLOURS/ DESIGNS

APPLICATIONS

- Ideal for steps, ladders, trailers

FEATURES

- High traction surface
- Aggressive adhesive system
- Durable aluminium oxide grit
- Water resistant
- Indoor/outdoor use

*Guaranteed against failure from manufacturing defects
