

LINK MAT

Link Mat is a rubber interlocking mat with a bevelled outer edge. Checker-plate design absorbs shock and cushions your feet from constant contact with hard surfaces. The modular design enables you to combine ends and centres to create various lengths. Link Mats can be easily disconnected for cleaning and can be added to at any time.

CODE	DESCRIPTION	COLOUR/DESIGN	SIZE (MM)
LM31	Link Mat Centre	Black	700 x 800
LM32	Link Mat End	Black	700 x 800

*Mat sizes may vary + / - 5%
